Re: Idaho Concealed Weapons Licenses ("CWL")

Dear Mr. Dublin:

This is in response to your September 9, 2020 letter regarding reciprocity between West Virginia and Idaho. Pursuant to your request, attached is your form which has been completed and signed on behalf of the West Virginia Attorney General's Office. West Virginia recognizes Idaho's Enhanced CWL under Idaho Code § 18-3302K. This is a function of relevant provisions of the West Virginia Code, which provide for recognition of another state's concealed weapon permit if that state recognizes West Virginia permits and the non-West Virginia resident carrying a permit from that state is at least 21 years of age.

If you have any questions or need additional information, please feel free to either call or email me at 304-558-2021 or Curtis.R.A.Capehart@wvago.gov.

Sincerely,

A handwritten signature in black ink that reads "Curtis R.A. Capehart". The signature is fluid and cursive, with the first and last names being more prominent.

Curtis R.A. Capehart
Deputy Attorney General
